Special instructions for labor housing

In the interest of worker safety and public health, precautions must be taken to prevent the spread of the virus

Safety measures in labor housing:

1. Defining of the virus, the symptoms, and the procedures that must be followed to prevent its spread, according to the instructions issued by the Ministry of Health and Prevention.

2. Providing electronic medical thermometers at the entrances to labor housing.

3. Provide awareness posters in various languages which should include awareness and prevention procedures.

4. Immediately report a suspected case to the competent health authorities.
